An Upscale Senior Living Community
Affiliated With Emory Geriatric Clinic

Welcome to ORCHARD *A Community of Care.*

Orchard is a family oriented Assisted Living and Memory Care community located in Tucker, Georgia scheduled to open Spring 2015. Be the first to enjoy the benefits of this beautiful new community, thoughtfully designed to meet the physical, emotional, and spiritual needs of seniors.

Our *History*

In 2006, our Founder was seeking the ideal assisted living care for his grandmother but wasn't satisfied with the assisted living communities he found in the Greater Atlanta area, so he created Safe Haven Senior Living.

Safe Haven has been recognized for its exceptional care of seniors and earned a Top 1% award within the senior care field. The success of this small community led our founder to want to help more families, so he created Orchard at Tucker.

Like Safe Haven, Orchard is built on a foundation of care and compassion ... *A Community of Care.*

Our *Philosophy*

We believe in offering the opportunity for a purposeFULL life. This means providing an atmosphere and environment that offers vitality, enrichment, and opportunity while simultaneously delivering the best CarePartnering to ensure the health and well-being of every resident.

Assisted *Living* & Memory *Care*
